

RANJANI PANDIYAN

Full Stack Web Developer

Pudukkottai, Tamil Nadu, India | Open to Singapore | +91 94893 30112 |
ranjanipandiyam2@gmail.com | linkedin.com/in/ranjani-pandiyam | github.com/RanjaniPandiyam

PROFESSIONAL SUMMARY

Highly motivated Full Stack Web Developer with professional experience and Master's degree in Computer Science. Proficient in building scalable web applications using MERN with expertise in frontend development (React JS, Redux Toolkit), backend development (Node.js, Express.js, PHP), and database management (MySQL, MongoDB). Production-ready deployment experience with Vercel and Render platforms. Strong problem-solving abilities, quick learner, and team player seeking Full Stack Developer opportunities in Singapore to contribute expertise and grow professionally.

TECHNICAL SKILLS

Languages: **PHP, JavaScript, HTML5, CSS3**

Frontend: **React JS, Redux Toolkit, Bootstrap 5, Responsive Web Design**

Backend: **Node.js, Express.js, PHP**

Databases: **MySQL, MongoDB**

Authentication & Security: **JWT Authentication, Role-Based Access Control (RBAC), RESTful API Design**

Deployment & DevOps: **Vercel, Render, GitHub, GitHub Actions, Cloud Deployment**

Tools & Platforms: **Git, GitHub, VS Code, XAMPP, Postman**

Stack Expertise: **MERN (MongoDB, Express, React, Node.js)**

PROFESSIONAL EXPERIENCE

Full Stack Web Developer

UK Info Tech, Pudukkottai, India

May 2023 – January 2024

- Selected as Full-Time Employee after successful completion of 3-month internship program
- Developed dynamic web applications using PHP and MySQL for CRM and recruitment management systems
- Built and maintained responsive admin dashboards with real-time data visualization
- Collaborated with cross-functional team members to deliver projects on schedule and within scope
- Implemented database optimization techniques to improve application performance
- Participated in code reviews and contributed to improving code quality standards

PROJECTS

Full-Stack E-Commerce Platform with Admin Dashboard

Personal Project | MERN Stack | React Redux Toolkit | Deployed on Vercel & Render

Live Demo: Frontend - shopysite.vercel.app , Admin - dev-ranjani.vercel.app

Username : admin , password : admin123

- Built comprehensive e-commerce application with separate user and admin modules using MERN stack
- Implemented Redux Toolkit for efficient state management across the application

- Implemented JWT-based authentication with role-based access control (RBAC) for enhanced security
- Designed and developed RESTful APIs for managing products, orders, users, and inventory
- Created interactive React components with responsive design using Bootstrap 5
- Deployed frontend on Vercel and backend API on Render for production-ready application
- Implemented CI/CD pipeline using GitHub Actions for automated deployment

QR-Based Product Authentication System

Final Year Project | PHP, MySQL, JavaScript

- Developed a comprehensive system for verifying product authenticity using QR code technology
- Implemented secure backend architecture using PHP and MySQL to handle large-scale QR verification
- Created user-friendly interface for scanning and validating products

EDUCATION

Master of Computer Science

Bharathidasan University, Tiruchirappalli, India

2023 – 2025 | Grade: A+

Bachelor of Computer Science

Bharathidasan University, Tiruchirappalli, India

2020 – 2023 | Grade: A+

CORE COMPETENCIES

- Full Stack Web Development (MERN & LAMP)
- Frontend State Management (Redux Toolkit)
- API Design and Development (RESTful)
- Database Design and Optimization
- Cloud Deployment (Vercel, Render)
- Responsive Web Design
- Admin Dashboard Development
- CI/CD Pipeline Development
- Agile Development Methodology
- Problem-Solving
- Team Collaboration
- Quick Learner with Strong Adaptability

CERTIFICATIONS

- Internship Certificate - UK Info Tech
- Education Certificates (Verified by Avvans)
